SAFETY CERTIFICATIONS FOR CHILDREN'S TOYS

DeLano Service Inc. is a manufacturer of board and card games primarily focusing on the printing, converting, and assembly process. Some of these games are classified as Children's Toys and Games and some are not. ALL products used by DeLano Service Inc are within the safe parameters set fourth in the Consumer Product Safety Improvement Act of 2008 (HR 4040) for Lead, heavy metals and Pthalates.

Our Substrates (Paper/ paperboard products) contain <100 ppm of lead which is better than the <300 ppm standard needed for 2/10/09 compliance.

Our Surface Coatings (Offset printing inks) contain <100 ppm of lead which is better than the <300 ppm standard needed for 2/10/09 compliance.

Our topmost surface coating (aqueous varnish) contains <100 ppm of lead which is better than the <300 ppm standard needed for 2/10/09 compliance.

We carry no products containing Pthalates. The plastic game pieces we carry are typically ABS, HIPS, ACRYLIC or rigid PVC.

DeLano Service inc. is a manufacturer of games not a producer of games. We are working with all our customers to address the increased need for appropriate labeling and marking of games for origin, and contents on all new production.

For more detailed reports and or specific certifications please do not hesitate to contact us at DeLano Service inc.

Sincerely,

A handwritten signature in black ink, appearing to read "Juan Mendez".
