Don't Touch My Booty!

Don't let rival pirates touch your booty! Don't Touch My Booty is the pirate card game that will have you looting, plundering and hoarding treasure. ARRGH! In this card game, you are a treasure hungry pirate looking to steal treasure and protect it in your treasure hoard. Rival pirates are everywhere looking to rob you blind. Find pairs of treasure cards and bury them in your treasure hoard. The further down they are buried, the safer they are. Use single cards to steal treasure from other pirates. If you play all of your cards, that's "booty" and you dig for treasure on the treasure island. The pirate with the highest valued treasure at the end of the game wins. Are you cunning enough to steal, block and re-steal your way to the largest treasure hoard?

KINGFIN

Who's school of fish will rule the sea? KingFin is the card game where big fish chomp little fish and schools of fish team up to chomp their way to victory. You're a fish and you're in charge of a school of fish. With the right teamwork and the right timing, you can own the sea. The goal is to be the first to play all of your fish cards into the sea and eat other fish along the way. The first player to score 100 points is the KingFin!

FLIP Words

In Flip Words, a one-sided game is impossible. Each lettered tile is double-sided, each side corresponding to a player: Red on one side (Player A), and Black on the other (Player B). Top to bottom or left to right, players take turns placing their tiles to form a new word, or multiple new words, from words already played. When they do, every lettered tile of any newly formed word is ipped to represent the letter color of that player's tiles.

Magnatab

The Original Magnatab was designed with the Montessori learning style in mind, creating a sensory-based creative play experience. Using the magnetic stylus, children pull the beads up to the surface to draw pictures, letters, numbers and shapes.

In doing this, they feel the pull of the magnets, hear their clicking sound, and see what they are drawing. The beads are magically "erased" when pushed down by the tip of a finger or the swipe of the side of the stylus.
